

E-auctions

Jos Uitdehaag
Secretary UIHJ

E-justice solutions: why?

Improvement of the efficiency of enforcement

Economic and anti-corruption criteria

Council of Europe:

- **Rec 17/2003**
- **CEPEJ 23009 Guidelines**

Barriers

- Technical barriers
- Legal barriers
- Information barriers
- Language (cross border)
- Cost constraints
- Limited trust

Traditional auctions

Publication of the auction

Place of the auction

Procedure

Solutions

Conceptual model:

- **One stop shop**
- **Optimal price**
- **Reduce delivery time**
- **Lower costs**
- **Monitoring**

Different auction methods

- Anonymity
- Rules for ending the auction
- Restriction on the bidding amount

Auction process

Initiation and publication

Initial buyer registration

Security requirements

Organization: Description of the item to be sold and rules of the auction

Bidding

Statement of the auction/ property sale proof

Advantages

- Maximum publicity
- Accessibility
- Efficiency
- High security requirements
- Data protection
- Assessment by the enforcement agent
- Role professional organizations

THANK YOU
